280cm from end to end

HAMMOCK STAND MAX SIZE:
380cm (L) x 100cm (W) x 132cm (H)
Suitable for hammocks with a maximum of
380cm from end to end

SAFETY INSTRUCTIONS

1. Do not exceed the maximum load.
2. Do not climb into hammock feet first.
3. Do not dive into or jump about in hammock.
4. Do not stick your head through the end strings.
5. Keep end strings as straight as possible, do not twist.
6. Do not use damaged or weakened hammock hanging accessories.
7. Hammocks are not designed for swinging.
8. Assembly should always be carried out by an adult.
9. Do not leave children unattended in hammock or near hammock.
10. Hammock fabrics and accessories will wear over time and use. Always check the loading capacity and condition of parts before use.
11. If possible, only use the hammock on floors with shock-absorbing properties such as carpet or outdoor grass to minimise the risk of injury in case of falling out of the hammock.

UNIVERSAL HAMMOCK STAND

UPDATED ASSEMBLY INSTRUCTIONS
for batch numbers #50229, #41086 and #40760 (February 2021)

ASSEMBLY INSTRUCTIONS

- 1.** Connect item **I** with metal stand pipes **D**. Place inside collars **G** on either side of the end angle tube **I** and secure with tri-wing hand screws **E**. Repeat at the other end.

- 2.** Take the centre base extension pipe **C** and join both end angle tubes **I** together. Be sure to insert external collars **H** on either side of the centre extension pipe **C**. Four screws **E** will be needed to fix this in place.

- 3.** Attach one male extension pipe **B** on top of each end angle tube **I**. Be sure to use an external collar **H** in between pipes. One screw **E** on each side will be needed to fix this into place.

- 4.** Connect the metal arm pipes **A** to the male extension pipes **B**. Place external collars **H** when connecting the metal arm pipe **A** to the male extension pipe **B**. Two screws **E** will be needed to fix this in place.

- 5.** Take the plastic stand feet **F** and insert to each end of the metal stand pipes **D**.

Now you are ready to hang your hammock onto the hooks.

Note: Adjust the length and height of your stand to suit your hammock by extending or shortening the fixtures on Parts **D** and **B**.
